ABOUT AALO

“We want that education by which character is formed, strength of mind is increased, intellect is expanded and by which one can stand on one’s own feet”.

- Swami Vivekananda

These very words will be the ideal and aspiration of the AALO, and will serve as a constant guideline to its functioning. In spite of Governmental and non-governmental efforts, students with potential to excel in education, from BPL households, seldom get proper opportunities due to economic constraints. What they required is financial support. And the AALO will strive towards this end. AALO has started journey since 12th January, 2012 on the auspicious occasion of 150th year Birth Anniversary of Swami Vivekananda.

The organization mainly consists of students (B.A. & B. Sc. batch of 2007) from Ramakrishna Mission Residential College, Narendrapur along with some Professors from the same institution mentoring as friend, philosopher and guider. Above all AALO is run under the blessings of **Swami Suparnananda** or Satya Da (as called dearly by all), the then Principal of Ramakrishna Mission Residential College, Narendrapur, (now he is General Secretary of Ramakrishna Mission Institute of Culture, Golpark). There are also two professors constantly fond of with AALO, one is **Sri Achintyam Chatterjee** (RKM residential College, Narendrapur, and other is **Dr. Bijan Sarkar** (Jadavpur University).

Although it was started by the **Narendrapurians**, but there are so many humble people are receiving friendly since foundation of AALO. Research Scholar and Professor of **National Chemical Laboratory, Pune, Indian Institutes of Science Education and Research, Kolkata, The Indian Association for the Cultivation of Science, Kolkata, Jadavpur University**, and so many others reputed educational institutions are also emotionally involved with AALO.

AALO is a Non-Profitable Trust (registered from Government of West Bengal). AALO provide financial assistance to the poor and meritorious students (equivalent to Swami Vivekananda West Bengal Government Merit-cum-Means Scholarship Scheme) 6000 (INR.) per annum.

VISION

When we started our journey, all we had was will power and absolute support from a few near ones. That in due course of time our collective has culminated into a fairly networked platform through our modest means. The vision is to provide students a volley of supports through which they can achieve an integral development as envisioned by Swamiji himself. The vision is to make education available to the meritorious but poor students not as a monotonous prison, but a prism through which different they can enjoy the different colours of intellect, and in due course appreciate enlightening others. Thus the character of a person will be formed in nuances, strength of mind will be increased, and thus society can stand on its own.

The clairvoyance of AALO is to ensure an environment of quality and sustainable education for the economically weaker section. By next decade we want to see a society where pedigree will not be proportional to ambitions of young talents. We project a productive violet-hour by the end of this decade, which in other words means, we envision working as hard as possible to ensure that these students can get what they deserve. And by working in this area of interest, AALO stands committed to be the rock solid support to all the vulnerabilities of this concerned section's students.

We have started with adjacent districts, and gradually we will spread our support to all the districts of this state. The vision is to make the ground clear for all to climb the educational ladder and be fruitful in making a society, which is self sufficient and has a conscience in its modus operandi.

TRUST REPORT

This year (2014-15) AALO has undertaken **fifteen** new students of **Nine District (Bankura, Purba Medinipur, Paschim Medinipur, Howrah, Hooghly, Burdwan, South 24 Pargonas, North 24 Pargonas and Kolkata)** of south suburban Bengal. AALO has continued its support to the previous (2013-14) **fourteen** students as well. Since beginning, AALO has achieved to support only **46** students of above mention district. In 2011-12 AALO had started giving scholarships to **seven** students; in 2012-13 we have given scholarship to **ten** more students from different districts of West-Bengal.

The selection procedure was done using a mathematical expression giving equal weight to the score obtained by the candidate during initial screening (by means of marks, annual family income and dependent family members) and the interview score allotted by the panel members. AALO also provides **mentorship** for the students through their active members along with the scholarship. Mentors keep in touch with the students and help them in study and in other necessary things.

This year AALO has collected **Rs 123289/-** donation money from members. Most of the members of AALO are doing PhD and some members are involved in their respective professionals. Compare to previous year (almost **Rs 248201/-**) the donation amount got **decreased** almost **~100%**, which may be due to the transition period of every members life. Increase in donation amount from coming year will help AALO to maintain its support to more number of students.

This year AALO has published the student scholarship form in the website which helps in distribution of forms in an easy and faster manner among the students of different districts.
